FOREWORD

HERE is a cross-section of over two thousand people and their many pursuits at Lorain High School, Lorain, Ohio: two thousand people whose lives and activities will undergo an unpredictable change as the nation resolutely faces its task of winning a war for the American way of life. Our major pursuit now is the practice of good citizenship and this we do well.

The 1942 Scimitar takes as its theme these interesting people and their equally interesting pursuits.

and its ACHIEVEMENTS

PERSONS WHO SUCCESSFULLY MANAGE THE SCHOOL

Few students realize the vital importance that the Board of Education plays in our school life. It is the mainstay of our whole school system.

The services of the group include the administration of the financial program of the schools, employment of teachers and other school help, awarding of contracts, provision of books and supplies, proposal of school levies, supervision of school building constructions, prescription of courses and the promotion of school life in general.

Mr. Hartz, Clerk-Treasurer of the board, keeps the financial record of the schools and Mr. Pillans, Business Manager, supervises the physical property of the board, such as buildings, additions, repairs and maintenance of their property.

The board consists of seven members who are elected by the people for a term of three years. Their services are entirely voluntary and they receive no compensation other than appreciation from the community citizens. Dr. S. V. Burley, eye, ear, nose, and throat specialist is president of the Board of Education. D. W. Lawrence, now serving as the Appeals agent for Draft Board No. 2 and vice-president of the Board, retired from the Welfare Department of the National Tube Company in 1940. Dr. Walter S. Nielsen is both an optometrist and jeweler. Joseph A. Svete is prominent as an attorney-at-law, and Philip Austin is the assistant-superintendent of the power department of the National Tube Company.

Seated from left to right—
W. A. Pillans, Business Manager, Walter S. Nielsen, Joseph A. Svete, Dr. S. V. Burley, President, C. A. Hartz, Clerk, D. W. Lawrence, Vice-President, Philip Austin.

Brrr!!!—there's that eight fifteen bell again. Miss Long and Mr. Hickman open the doors of the Girls' and Boys' Guidance Offices to Lorain High School.

Their first great task of the day is the issuing of absence permits to those who have returned to school. The yellow permit allows a student to make up his work, and the white one says "No."

Some of their other numerous duties are having guidance conferences with students, making out schedules, admitting and instructing new pupils, and discussing delinquency problems.

For those who become ill during the day, there is a health room next to Miss Long's office. Five of the sixty-six girls who assist Miss Long have charge of it.

Mr. Hickman has fifty-three boys who, like the girls, act as guidance secretaries and general aids.

42 - A PEOPLE

Two hundred five of them completed their work at Lorain High School in January 1942. Of this number, ninety-eight were boys and 107 were girls.

This was the first class to graduate since the outbreak of war between the United States and the Axis and because of this, we find many of the boys joined the armed forces; others attended college; but by far the majority of the class obtained work in defense industries in and around Lorain, and even Cupid claimed some for his own.

COMMERCIAL CLUB

The war has created an unusually large demand for clerical workers, and to satisfy this demand the Commercial Club has been studying and discussing more efficient business methods. Outside speakers have attended the meetings and have given many helpful hints to these future typists, stenographers, and secretaries.

The principle pursuit of the Commercial Club, as stressed by Miss Lange and Miss Gaines, is to show students just how the principles they are taught here are put into practice in various kinds of commercial jobs.

PEOPLE WHO

IN 42-A

"I pledge myself to uphold the high purposes of this society to which I have been elected, striving in every way, by word and deed, to make its ideals the ideals of my school and of my life."

To be a candidate for membership in the National Honor Society, a student must rank in the upper third of his class in scholarship. Teachers who are familiar with the candidates grade them in leadership and character. Their high school service is an important factor. Those who have the highest composite score automatically become eligible to take the National Honor Society pledge, printed above.

From the members ranking highest in scholarship, leadership, character, and service in each graduating class, the faculty may name as many as fifteen per cent for induction into the society.

EXCLUSIVELY YOURS

The Dramatic Arts play in 1942 was a rollicking cross-section of college life during the "rushing" season.

The heroine, Eva, has been sent to college by her wealthy Aunt Eve to make the Epsilon Beta Sorority. Things do not go as scheduled because "the boy friend," Bill Sprague, decides that nothing can come between him and Eva. The story, punctuated by the entrances and exits of butterfly collectors and professors, comes to a happy ending, thanks to Jo-Nancy who can still be humorous amid the grief and disappointments of sorority bid announcements.

THE STEELMEN

Though the Steelmen lacked weight in the 1941 lineup they were able to pile up a total of five wins and to tie one of their most powerful opponents. Their three losses were by very slight margins.

This thrilling season was climaxed by trouncing the Elyrians in their own backyard by the largest score the boys from Lorain have hung on an Elyria scoreboard since 1911.

The L. H. S. gridders played three of their four afternoon games out of town, the rest of the tilts being played under the lights.

BASKETBALL

After the football season the student craving for sports was satisfied by the thrills of a season of fast and exciting basketball games.

The "three complex" in Lorain High School athletics is noticeable. Lorain managed to capture third place in the Lake Erie League football and tennis standings, as well as the basketball division.

The Lorain team this year had a near 50 - 50 season, having won seven and lost eight of the regular league season contests. Lorain also dropped one of the two games of the tournament at Kent, having been beaten 29 - 38 by Barberton after taking the large end of a 38 - 10 score from Akeron Hower.

The death of Steve Dovak, mourned by the whole school, has deprived the 1943 squad of one of their most promising cagers.

INTRAMURALS

"The program of intramural athletics is for all boys who like to be real boys." The above sentence, found on the bottom of one of the notices from "Pete" Smith, tells in a few words the purpose of the intramural program as it is operated in Lorain High School. Under the guidance, direction, and leadership of Mr. W. A. Smith this sports program has made rapid advancement in the last few years. At the beginning of the intramural program in 1936 there was but one activity. Today, Lorain High boys enjoy basketball, volleyball, softball, table tennis, checkers, and the use of Mr. Smith's sports library.

"The trend seems to be away from the 'big time' sports such as football and toward the intramural program. I certainly hope that we can continue this ideal," said Mr. Smith.

PEOPLE WHO EDIT

Many people are needed to bring us our biweekly school paper every other Thursday.

This publication is eagerly awaited for by our student body for its latest high school news. The High Standard is issued by the journalism classes with Miss Watson and Miss Bleyer as faculty advisers.

A pleasing innovation this year was the new Roto Section, picturing activities in other schools.

THE PEOPLE BEHIND

THE HI-STANDARD

PEOPLE WHO DO BUSINESS

The business staff under the direction of Mr. Bateman is the financial agent for the High Standard and Scimitar.

The business staff is responsible for securing ads, looking after ad changes and collecting money at the end of the semester.

This is the group that makes possible your unbelievably low price and gives you the annual for subscribing two semesters.

There just isn't any better business management than that of Mr. Bateman's.

Upper left: Elaine Perkins, Eugene Taliano, Doug Preble, Kathleen Ryan, Dick Koba.

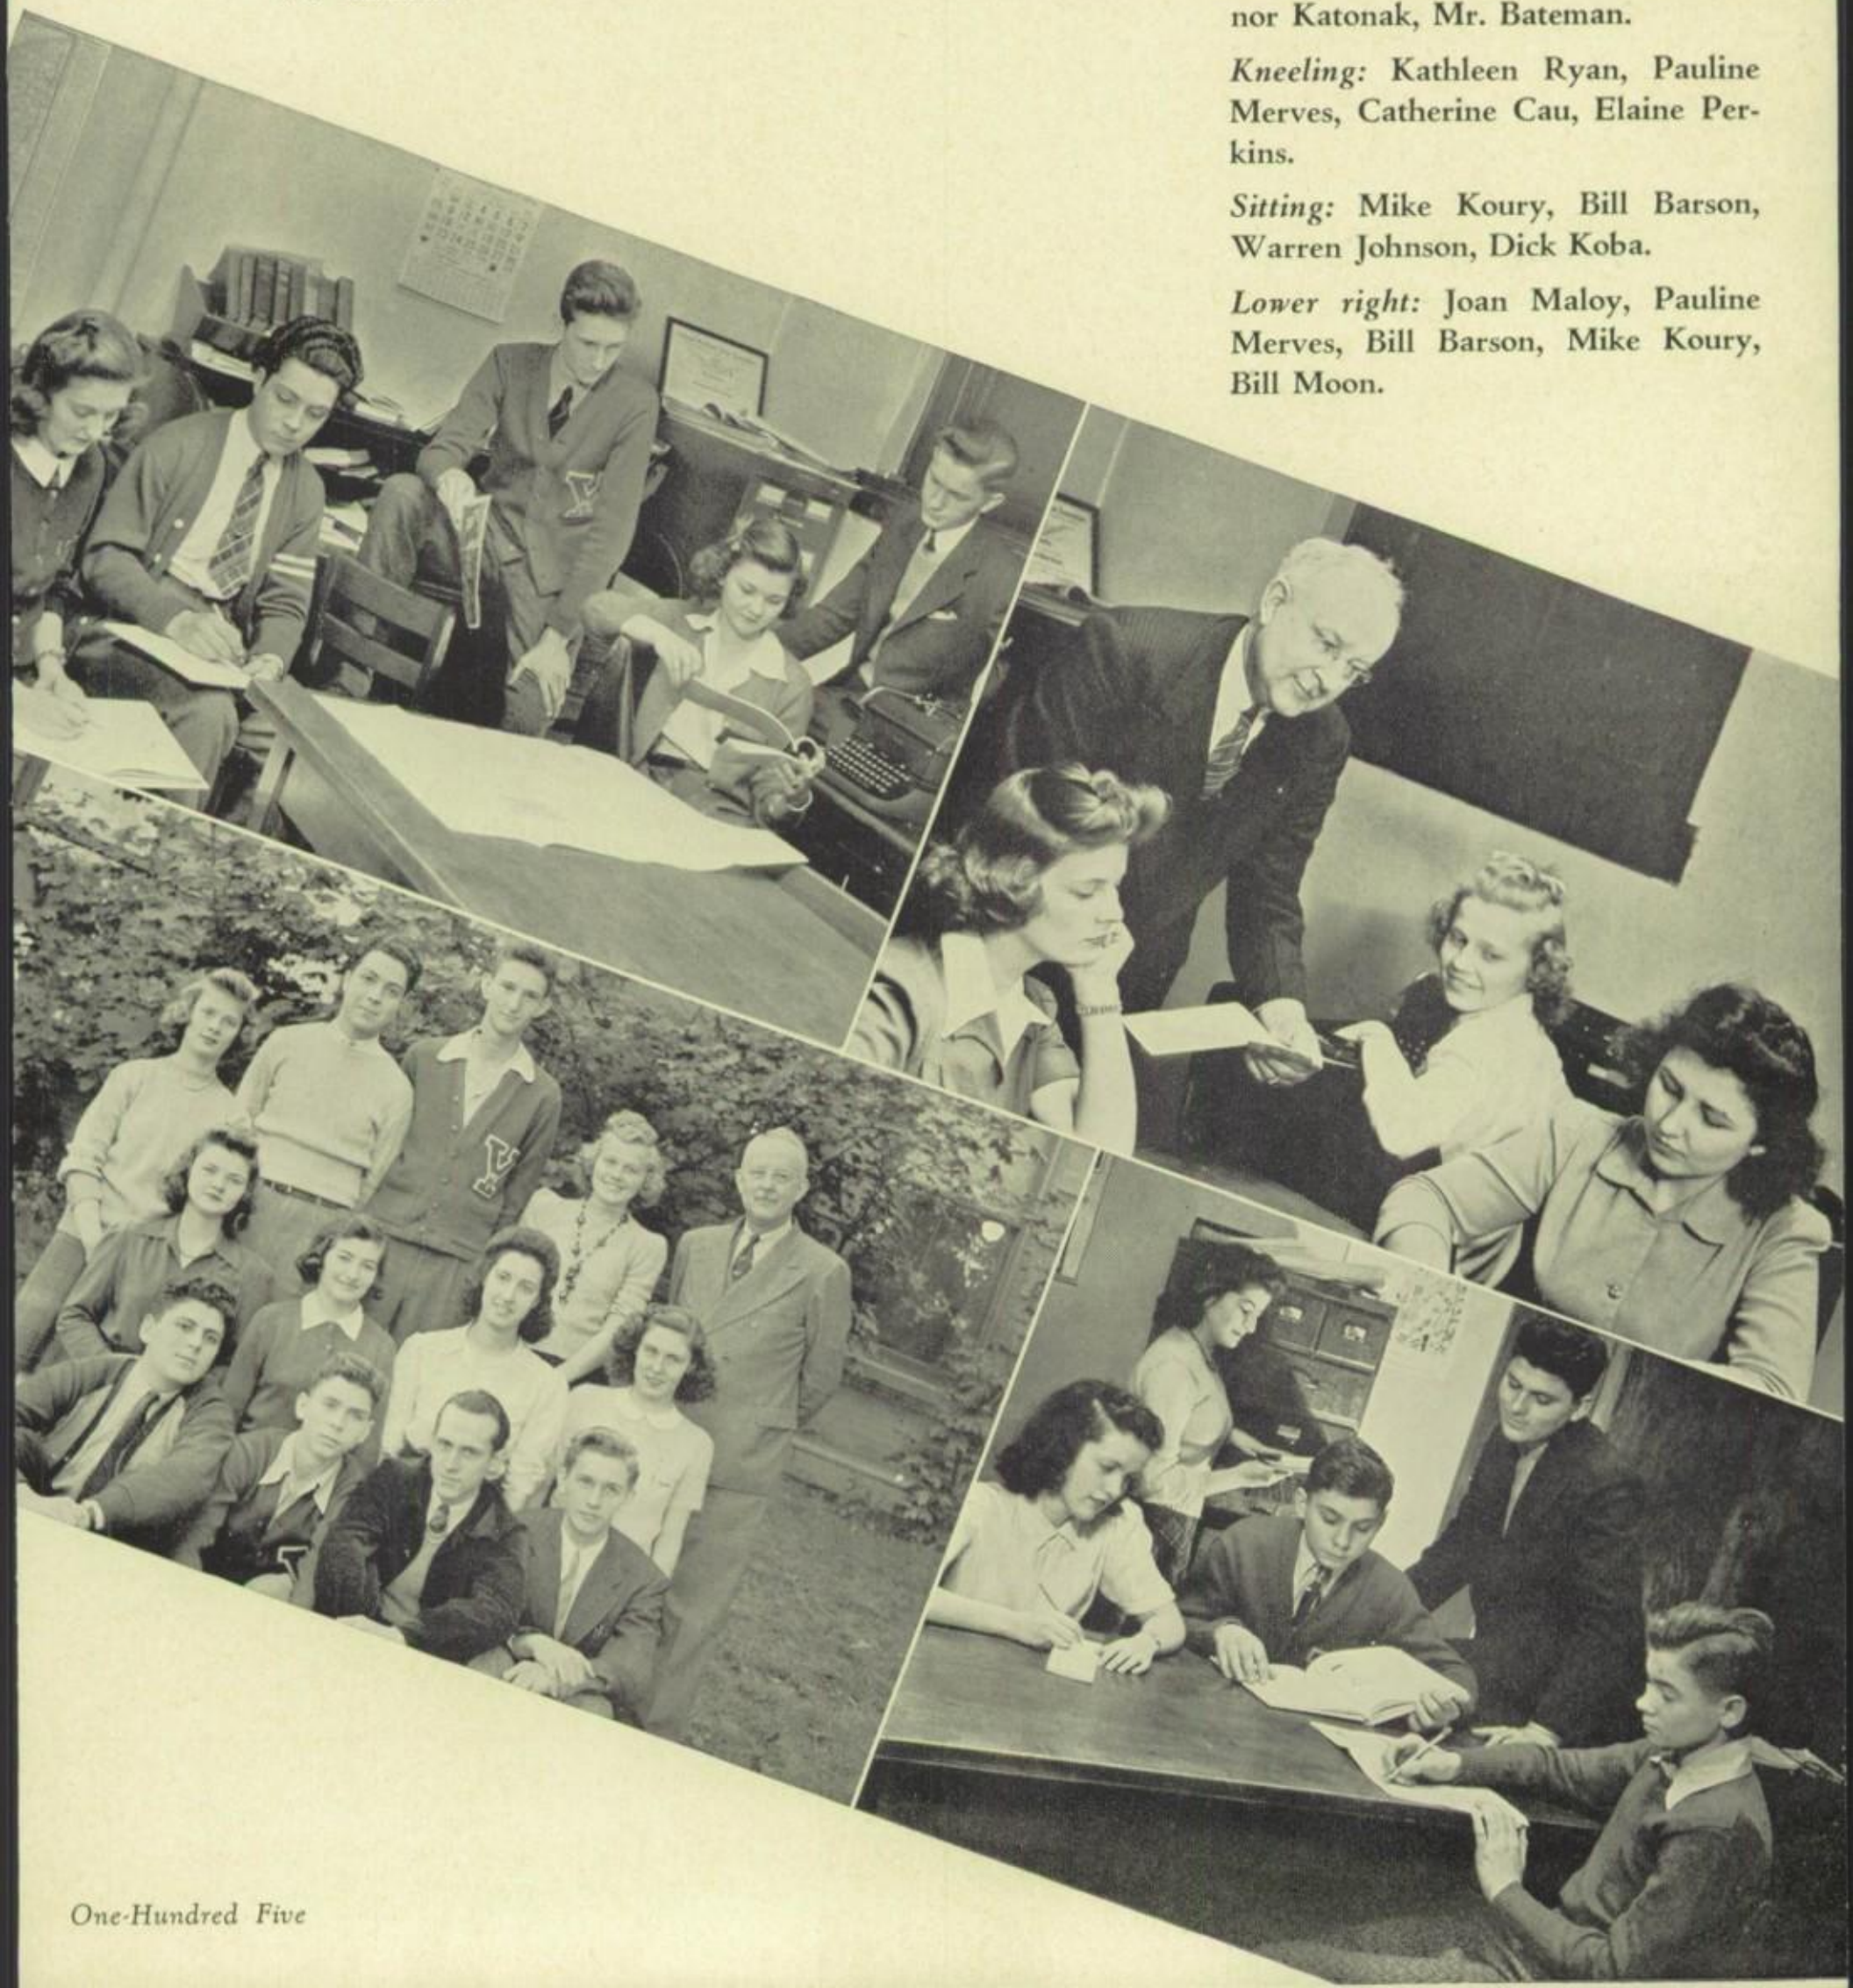

Upper right: Barbara Biscan, Mr. Bateman, Eleanor Katonak, Margaret Hornick.

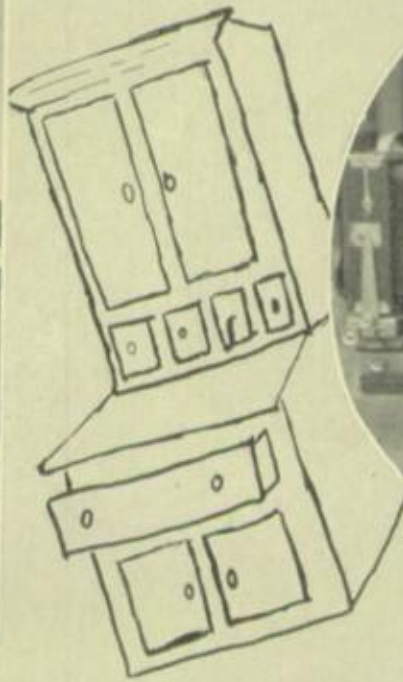

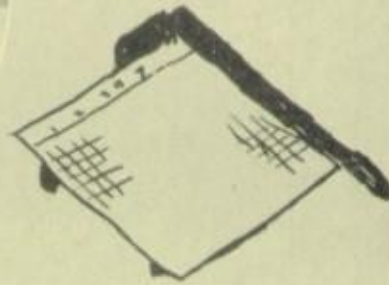

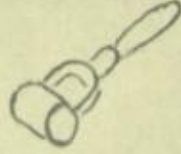

Lower left: Top row Barbara Biscan, Eugene Taliano, Doug Preble, Eleanor Katonak, Mr. Bateman.

Kneeling: Kathleen Ryan, Pauline Merves, Catherine Cau, Elaine Perkins.

Sitting: Mike Koury, Bill Barson, Warren Johnson, Dick Koba.

PEOPLE WHO PUBLISHED THE 1942 SCIMITAR

Few people and many pursuits—thatt's the Scimitar Staff which is occupied from September until June with getting out Lorain High School's year book.

If you want to be a member, you must have good grades, lots and lots of time, and interest. Journalism is not a requirement, but a decided advantage.

Long hours of work are compensated by pleasant companionship and a published book.

When the three experienced members of the staff, Joan Irish, Dick Prucha and Ed Kattas graduated in January, a completely inexperienced group was left. Bob Smith was then appointed editor.

Mr. Oliver was the walking-encyclopedia of general knowledge while Mr. Dobras helped with the copy. Mr. Davis took our class, club, and team pictures.

In the upper left hand picture Elayne MacFarland and Bob Washtak proof read names on the class copy.

Joan Irish, January Editor, vainly attempted to pick the right picture for the opening section (in the upper right corner).

Upper left circle, Selma Lerner paused in her working of marking pictures to be cut.

Janice Pickel busily applied the cutter to trimming senior formal pictures that Jean Boyce had marked and checked.

The lower center picture shows Wallace Brasen as he dictated material to Evelyn Steele who typed it for the printer.

"Watch th birdie," was Mr. Davis' expression to all underclassmen and club groups that had pictures taken last fall.

Steve Zahorec, in the lower left hand corner studied the archery club panel in preparation for lettering it.

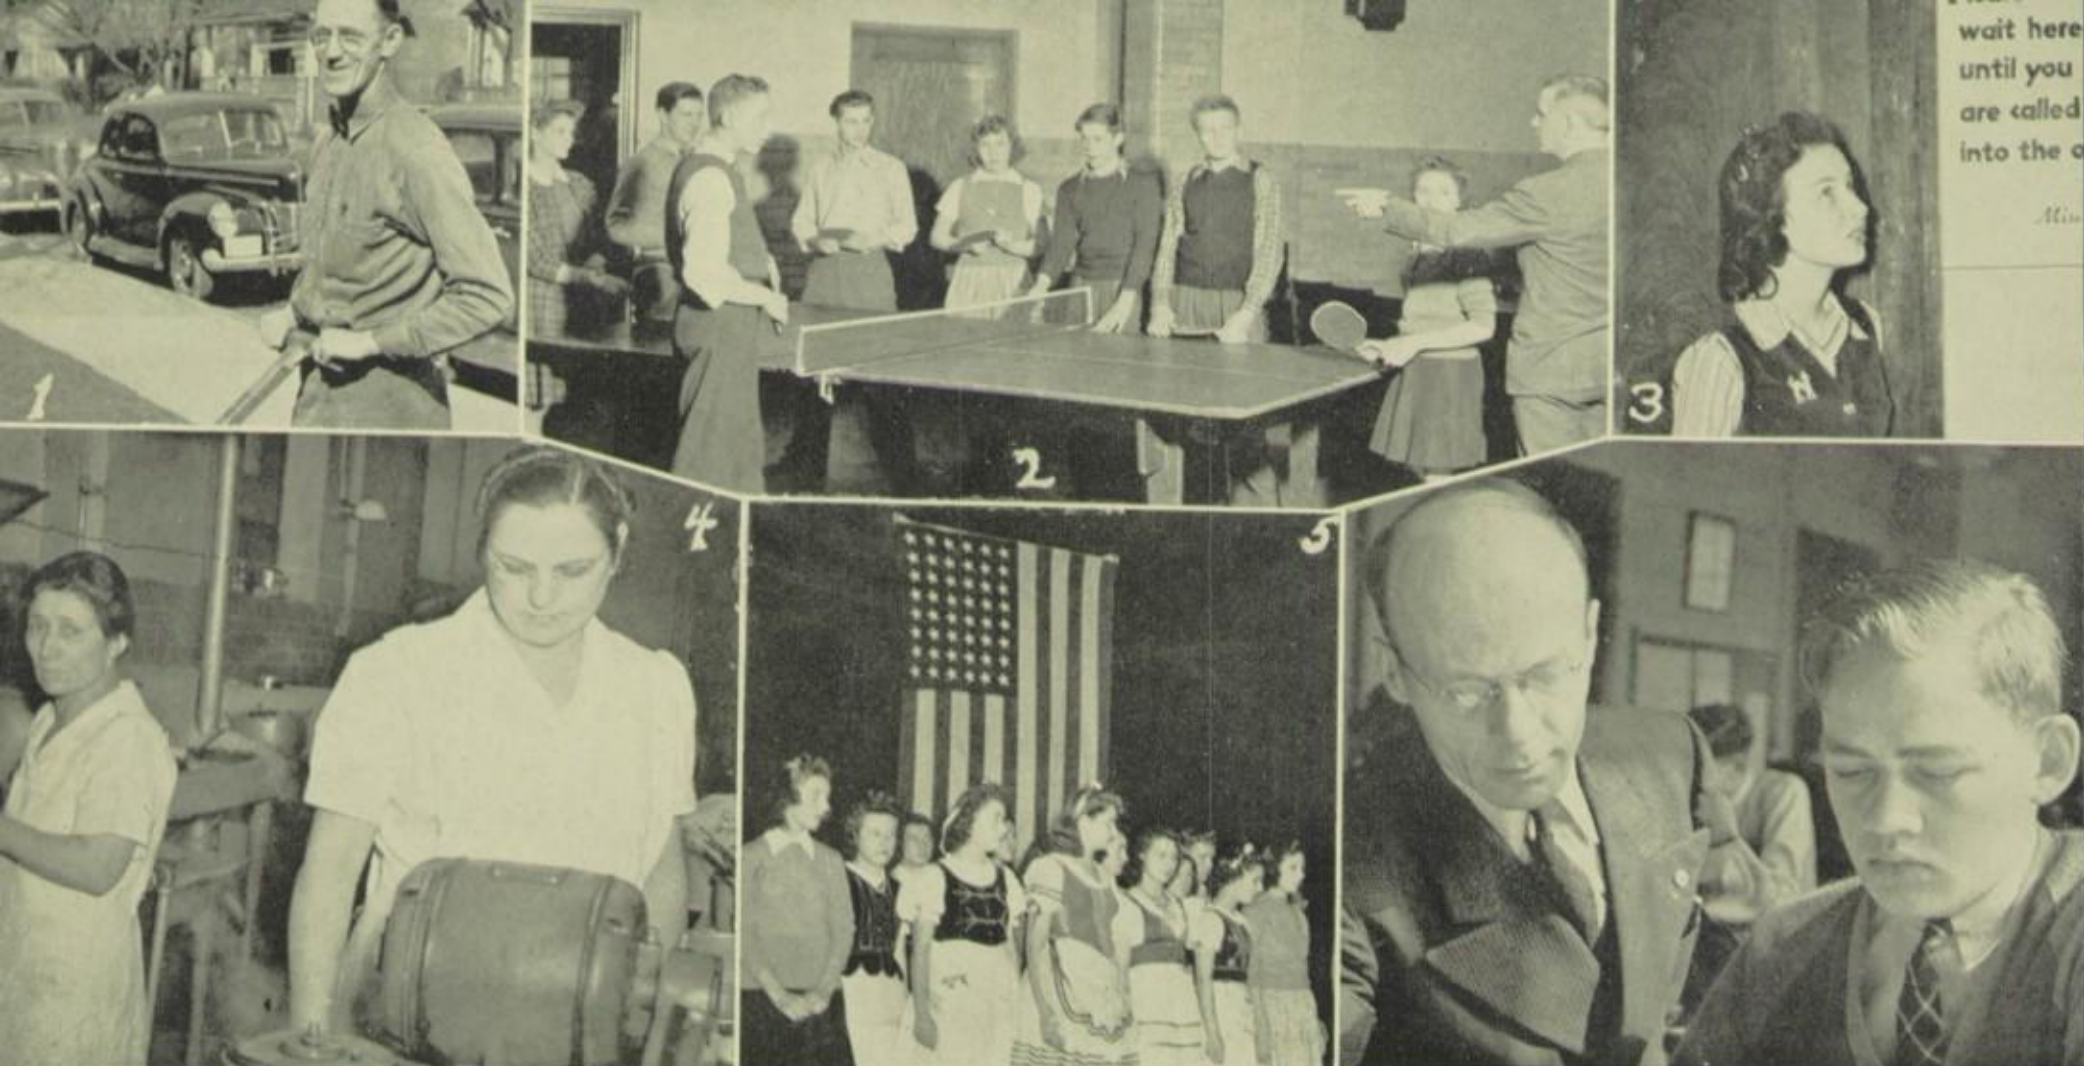

Holding the light in the next picture for an indoor photo, is Ed Kattas.

The small circle pictures Mr. Dobras.

Dick Prucha thumbed through an exchange year book to view another school's ideas for publication.

In the next picture Mr. Oliver is seen as he read copy before it was sent to the printer.

Bob Smith, June Editor, in the lower right corner picture, tore his hair when he found a mistake.

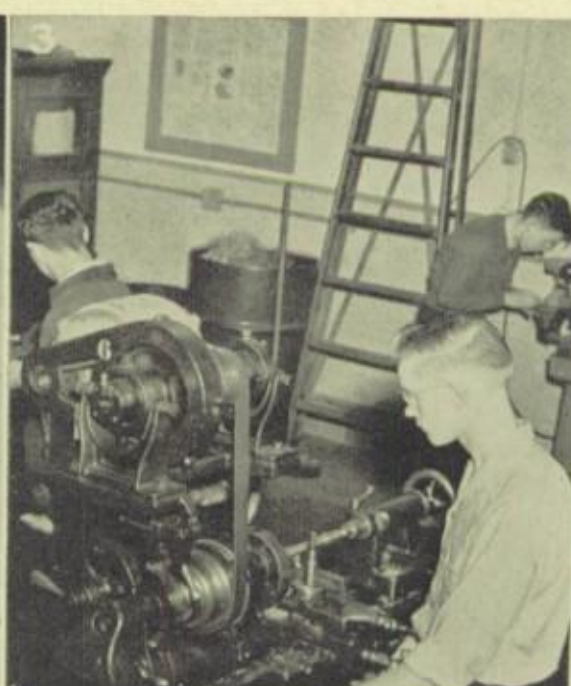

LIFE IN AND OUT

1. Nurse McDaniel swabbed Elaine Perkins' arm in preparation for a tuberculosis skin test. →
2. Fire Warden Bodor replenished his supplies.
3. Valentine Cisarik, a potential war-time machinist, operated a lathe.
4. Mrs. Black served up the "Wimpys."
5. A typical noon-movie scene depicted by Lillian Stawicki and Bob Burgett. Mr. Newman looked on.
6. Lorain fans cheered our team to a 48-6 victory at the Lorain-Elyria game.
7. "When our days of school are over—" Mr. Austin handed Dave Phinney his diploma.
8. Book ends were made in General Shop class by Bill Stulgis and Bob Miller, instructed by Mr. Traub.
9. Mr. Davis assisted by Edmond Kattas took the individual football pictures which you saw in the football section.
10. Hamburgs, cookies, chocolate milk—students chose their lunches in L. H. S. cafeteria.

1. Mr. Bunker mowed mo' and mo'.
2. "That's the way!" exclaimed Mr. W. A. Smith to the ping-pong group.
3. And Jean Boyce did wait—patiently.
4. People we like—Mrs. Zepernick, super-duper pie maker; and Mrs. Nawicki, chief potato-masher prepared for lunch periods.
5. "Yes, teacher—we understand."
6. Why not try this?" suggested Mr. Grove to Gerald Dietrick.

OPPORTUNITY

World War No. 2 has greatly stimulated business in the United States. A few years ago high school graduates had difficulty in finding work. Today Industry everywhere is seeking the services of young men and women to take the places of men called into military service.

Young men and women now have an opportunity to **WORK AND SAVE**. Work to win the war. Save for the future. When the war is over, the world will necessarily face a period of readjustment. Jobs will not then be quite so plentiful as they are today. Soldiers will be returning from the war to their old jobs. The wise and intelligent high school graduate will **SAVE NOW** when wages are good and jobs are plentiful, so that when the period of readjustment comes they can take their savings and go to college to prepare themselves for their chosen profession. **THINK THIS OVER.**

Poem Submitted by Jack Urban

I was charmed by the look in her eye,
By her nightingale voice I was smitten,
And her beautiful figure, oh my!
By her glorious hair I was bitten.
She's really the charmingest girl, sir,
In her arms any man would find bliss, sir
But what struck me mostly about her
Was her hand when I started to kiss her.

SUMMER SCHOOL

NEW TERM BEGINS JUNE 8-15 — DAY OR NIGHT

This year there's an "all out" effort in education just as there is in war.

In line with the needs of industry, business, and the Government, we are carrying our classes through the summer.

Attend our summer classes and you will be ready for a position three months sooner. We have the assurance that our school will be filled.

We have never known positions to be so plentiful as they are just now—and this is true of private business, industry, and government.

We are constantly in receipt of more calls for help than we are able to supply—as a matter of fact, the demand for stenographers, secretaries, typists, clerks, bookkeepers, dictaphone and comptometer operators is practically unlimited.

THE FALL TERM BEGINS SEPTEMBER 8-9

Information will be furnished promptly to those who request it by mail or telephone or who call in person.

IT'S OLD STUFF

The modern vamp is nothing new. Away back in 1770, the English Parliament passed a law against women trying to beguile men into marriage.

This law provided that any woman "who shall impose upon, seduce and betray into matrimony any of his Majesty's male subjects, by virtue of scents, paints, cosmetic washes, artificial teeth, false hair, Spanish wool, iron stays, bolstered hips or high-heeled shoes" would incur the penalty of witchcraft then in force, and the marriage would be pronounced null and void.

Food *can* win the war . . . but to make sure that it will, you must do your part by preparing it properly so that your family gets *all* the health-giving vitamins and strength-building minerals it contains. It doesn't do any good if you cook away all the healthful properties that nature puts into foods. Many persons eat enough food in quantity, but they are deprived of its real goodness by improper cooking. That is why your Government wants every homemaker to remember these important facts: 1, *Use practically no water*; 2, *Keep the cooking utensil tightly covered*; 3, *Cook vegetables rapidly, but avoid violent boiling*; 4, *Save the juices for soups and gravies*. These are only a few of the simple rules. You'll find they are all easy to follow if you cook electrically because you have complete, accurate control of cooking times and temperatures. You'll find, too, that electric cooking costs much less than you think.
